Summary

Cloud Architect with a focus on designing resilient, cost-effective cloud infrastructures. Expertise in AWS and cloud security. Passionate about automation and DevOps practices.

Education

- University of Manchester, M.Sc. in Cloud Engineering (2015-2017)
- University of Oxford, B.Sc. in Computer Science (2012-2015)

Skills

- AWS, Terraform, Ansible
- Cloud Security, DevOps, CI/CD
- Python, Bash, Docker
- System Design, Networking

Project Experience

- Multi-cloud Architecture: Designed a multi-cloud environment using AWS and GCP for a high-availability service.
- Automation of Infrastructure: Built automated provisioning scripts with Terraform to manage AWS resources.

Work Experience

- Cloud Architect, GlobalTech (2018-Present): Led the design and implementation of cloud infrastructures and migrations for enterprise clients.
- Cloud Engineer, CloudWorks (2017-2018): Assisted in the deployment and management of cloud-based solutions for small and medium-sized businesses.
