Summary

Machine Learning Engineer with expertise in developing and deploying scalable ML models. Proficient in Python, TensorFlow, and PyTorch with a focus on NLP and computer vision applications.

Education

- Stanford University, Master's in Artificial Intelligence (2018-2020)
- University of California, Berkeley, B.Sc. in Computer Science (2014-2018)

Skills

- Python, R, TensorFlow, PyTorch
- Natural Language Processing, Computer Vision
- Data Preprocessing, Model Optimization

Project Experience

- **Image Recognition System:** Built a CNN for classifying medical images with 95% accuracy.
- **Chatbot Development:** Designed an NLP-based chatbot for customer support using Rasa Framework.

Work Experience

- **Machine Learning Engineer, OpenAI (2021-Present):** Developed large-scale models for text generation.
- **Data Science Intern, Meta (Summer 2020):** Worked on predictive analytics using machine learning models.
